

FUNDRAISING AT THE WILLOWS

At The Willows, we love coming up with ideas for fundraising, as it means we need to think outside the box and get creative. It is an excellent way to get our employees, residents, and relatives excited and involved in our cause.

This persistent desire to do more, support more, and achieve more can assist in motivating and driving the team and friends of The Willows.

You can keep up to date with our Fundraising activities on our social media outlets, which include:

Instagram (www.instagram.com/thewillowsshepshed/)

and Facebook ([The Willows Care Home Shepshed | Facebook](#)).

This August we have successfully introduced several fundraising events to support Residents' Activities Fund. So far we have raised £ 250 and counting.
