## **Annual Quality Assurance (February 2023)**

Westcroft Nursing Home carried out its annual quality assurance survey for residents and their relatives during January 2023. This was done to monitor, review and evaluate the Home's various services. It was encouraged that forms were filled in with the residents or relatives name on it. This was asked so the Home could identify individual's issues and act accordingly, as the focus of the questionnaire is on quality improvement.

There were a total of thirty seven questions to answer, which included questions relating to food, daily living, personal care, premises, laundry and management. There were four answer options for every question. They were: very satisfied, quite satisfied, not very satisfied and not satisfied at all. After each section there was space made available for any other comments.

All questions were analysed in detail. The next few pages show the analysis in the form of charts and graphs, from one or two questions in each section of the questionnaire. Also included in this booklet are the comments made by the residents and relatives.

Included at the back is a copy of the questionnaire.
