

## COVID-19 Emergency Support Framework

# Engagement and support call Summary Record

Harley House Care Home Limited

Location / Core Service address	Date
Harley House Care Home Ltd 10-12 Elms Road , LE2 3JE Leicester	28/05/2020

Dear Harley House Care Home Ltd,

The Care Quality Commission is not routinely inspecting services during the COVID-19 pandemic. We are maintaining contact with providers through existing monitoring arrangements and engagement and support calls covering four assessment areas:

- Safe Care and Treatment
- Staffing arrangements
- Protection from Abuse
- Assurance Processes, Monitoring and Risk Management

This Summary Record outlines what we found during the engagement and support call shown above, using standard sentences and an overall summary.

We have assessed that you are managing the impact of the COVID-19 pandemic at the above service. The overall summary includes information about the internal and external stresses you are currently experiencing, how they are being managed, and sources of support that are available.

Emergency Support Framework calls and other monitoring activity are not inspections. Summary Records are not inspection reports. Summary Records are not published on our website.

## Assessment Area 1

### Safe care and treatment

---

**1.1 Had risks related to infection prevention and control, including in relation to COVID-19, been assessed and managed?**

---

**Yes** There were systems to assess and respond to risks regarding infection prevention and control, including those associated with COVID-19.

---

---

**1.2 Were there sufficient quantities of the right equipment to help the provider manage the impact of COVID-19?**

---

**Yes** Essential equipment, such as personal protective equipment, was available in sufficient quantities to help you manage the impact of COVID-19.

---

---

**1.3 Was the environment suitable to containing an outbreak?**

---

**Yes** You had taken steps to ensure the environment was as effective as possible in containing an outbreak of COVID-19.

---

---

**1.4 Were systems clear and accessible to staff, service users and any visitors to the service?**

---

**Yes** Systems to ensure the environment were conducive to containing an outbreak of COVID-19 were clear and accessible to people using the service.

---

---

**1.5 Were medicines managed effectively?**

---

**Yes** Service users' medicines were effectively managed, despite the increased pressures associated with COVID-19.

---

---

**1.6 Had risk management systems been able to support the assessment of both existing and COVID-19 related risks?**

---

**Yes** Systems enabled the continued management of known risks, as well as enabling the provider to respond to new and emerging risks, including those posed by COVID-19.

---

## Assessment Area 2

### Staffing arrangements

---

**2.1 Were there enough suitable staff to provide safe care and treatment in a dignified and respectful way during the Covid-19 pandemic?**

---

**Yes**            There were enough suitably skilled staff to provide people with safe care in a respectful and dignified way during the Covid-19 pandemic.

---

---

**2.2 Were there realistic and workable plans for managing staffing levels if the pandemic leads to shortfalls and emergencies?**

---

**Yes**            There were realistic and workable contingency plans for staffing shortfalls and emergencies during the COVID-19 pandemic.

---

## Assessment Area 3

### Protection from abuse

---

**3.1 Were people using the service being protected from abuse, neglect and discrimination?**

---

**Yes**            People were being safeguarded from abuse, harassment and discrimination.

---

---

**3.2 Had the provider been able to properly manage any safeguarding incidents or concerns during the pandemic?**

---

**Yes**            Action had been taken to properly respond to incidents, alerts or potential safeguarding incidents at the service.

---

## Assessment Area 4

### Assurance processes, monitoring and risk management

---

**4.1 Had the provider been able to take action to protect the health, safety and wellbeing of staff?**

---

**Yes** Staff health, safety and wellbeing were protected despite the increased pressures associated with COVID-19.

---

---

**4.2 Had the provider been able to implement effective systems to monitor and react to the overall quality and safety of care**

---

**Yes** There were effective systems to monitor the overall quality and safety of care being provided at the service during the COVID19 pandemic.

---

---

**4.3 Is the provider able to support staff to raise concerns during the pandemic?**

---

**Yes** Staff were able to raise concerns and were supported to speak up during the pandemic.

---

---

**4.4 Had care and treatment provided to people being sufficiently recorded during the Covid-19 pandemic?**

---

**Yes** Care and treatment provided to people is being sufficiently recorded during the Covid-19 pandemic.

---

---

**4.5 Had the provider been able to work effectively with system partners when care and treatment is commissioned, shared or transferred?**

---

**Yes** Working arrangements and information sharing with system partners during the Covid-19 pandemic are effective.

---

### Overall summary

Harley House Care Home fully implemented the Covid guidance and has maintained a Covid-free home. The provider's business continuity plan, policies and procedures has been updated to ensure everyone stays safe and well. Staff had completed PPE training and had adequate supply of PPE. Laundry and cleaning regime has minimised the Covid risks. Staffing has been managed with good clinical

support. Registered manager demonstrated good communication, support and supervisions provided to staff. Safeguards to protect people from the risk of abuse remain in place. New risk assessments and care plans have been implemented. These have been kept under review. People receive the care and support they need, they have enough to eat and drink and support with their medicines. Staff have monitored people's physical well-being for symptoms of COVID. There was good relations with GP and other health and social care professionals. People's rights were being upheld and their diverse needs respected. Social interests and activities have been provided in a safe way. Contact with family and links with the local community and nurseries has been maintained. New initiatives and systems developed were well received. This included the positive social distancing dining experience for people and for staff the laundry service for their uniforms and access to mental and emotional wellbeing support. Regular quality audits and checks were carried out. Premises and equipment had been serviced and maintained. Home testing kits have been used and more kits have been ordered. The registered manager has good relations and has regular contact with CCG, the local authority and CQC. The NHSC capacity tracker has been completed regularly.
