Brook House Newsletter

January is passing us by and we find ourselves in February already! I hope you managed to beat the January blues and can look forward to the lighter, brighter weather. February is a slightly unusual month, It has 28 days in common years or 29 days in leap years, with the quadrennial 29th day being called the "leap day." We also have Valentine's day in February...how do you show your loved ones how much you care about them? Or should love be given every day of the year not just one?

Reflections

January has been nice and quiet at Brook House. We've had a few visits from the Reflexologist/Chiropodist, Holy Communion and the North Kilworth Nursery children. It's been a good opportunity to spend some one to one time with everyone and we've done various activities within the home including lots of baking!

Let's talk about.....Keeping Warm

We have been experiencing some very cold weather this winter and some deathly frosts, low temperatures can cause health problems for older people. Here are some tips to keep us warm and healthy this winter.

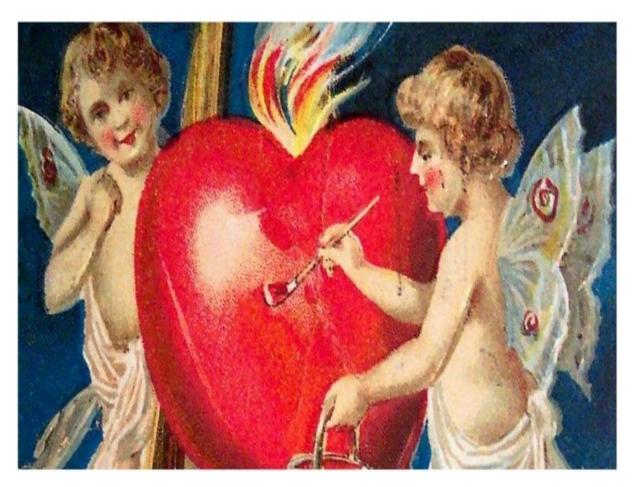

Keep yourself warm this winter;

- Wear several thin layers, rather than one thick layer. This is because they trap warm air close to the body, woolly clothes or thermal clothes are ideal.
- A lot of heat is lost through the head and neck, so if you're chilly indoors, try wearing a hat and scarf.
- For those cold toes, remember to put thick socks on and preferably slippers too.
- Draw your curtains, as soon as it gets dark to stop the heat escaping and the draughts coming in.
- Don't stand outside for long periods of time, as you can quickly get a chill.
- Use hot water bottles or electric blankets to warm the bed, however never use them together as this can be dangerous. If you're sitting down, a shawl or blanket will provide extra warmth. You should also try to keep your feet up, because air is cooler at ground level.
- Wear warm clothes in bed. When it's really cold, wear thermal underwear, bed socks and even a hat.

The Legend of St. Valentine.

The history of Valentine's Day—and the story of its patron saint—is shrouded in mystery. We do know that February has long been celebrated as a month of romance, and that St. Valentine's Day, as we know it today, contains vestiges of both Christian and ancient Roman tradition.

Traditionally on Valentine's day we give gifts and cards to our loved ones to show them how much we love and care for them. We will be doing some Valentine's themed arts and crafts on the 12-14th February.

Married Four Times

The local news station was interviewing an 80-year-old lady because she had just gotten married for the fourth time.

The interviewer asked her questions about her life, about what it felt like to be marrying again at 80, and then about her new husband's occupation... "He's a funeral director," she answered. "Interesting," the newsman thought... He then asked her if she wouldn't mind telling him a little about her first three husbands and what they did for a living.

She paused for a few moments, needing time to reflect on all those years. After a short time, a smile came to her face and she answered proudly, explaining that she had first married a banker when she was in her 20's, then a circus ringmaster when in her 40's, and a preacher when in her 60's, and now in her 80's - a funeral director.

The interviewer looked at her, quite astonished, and asked why she had married four men with such diverse careers.

(Wait for it...)

- She smiled and explained, "I married one for the money, two for the show, three to get ready, and four to go."
