Good morning,

I wanted to share with you some feedback about my first time at the care home singing on 11th April. I was greeted at the door and shown to where I would be singing with no bother at all. Every staff member said hello throughout my time there. Nothing was too much trouble. The way the staff care for the residents is second to none, so much care and passion shines through in their work and they were fabulous with the residents and it was very heart warming to see. What a credit they all are to the company. All staff made me feel very welcome which alleviated my anxiety straight away which I am so grateful for. What a wonderful care home to work alongside and I will look forward to returning in June.

Thank you everyone.

Many Thanks
