To everyone at The Heathers.

Thank you so much for the wonderful loving care you all gave to Mum (Ivy) during the years she was with you, a real 'home from home'! You became a second home and family for both Mum and for us.

Thank you for being so welcoming and helpful to us during our visits to Mum, our Skype calls, being there for us when times were difficult with kind words and cups of tea and biscuits!

Thanks for the laughs and joy we shared during the many happy times we spent together.

You always cared for Mum with the greatest kindness and respect we will always be very grateful and appreciate everything you did for Mum and us and for looking after Mum as one of the family.

love and kind regards,
