

**Below are some messages of  
thanks and appreciation we  
have received over the past  
couple of months.**

To all at Harley House,

Thank you from the  
bottom of our hearts for  
all you did for ~~her~~ and  
for us. I cannot imagine that  
she could have had more  
love and care than you have  
given in the last months  
of her life on this earth.  
We will be forever grateful,

To All at Harley House.

Thank you for making the last chapter of my father's life so happy and enjoyable.

He was very happy living at Harley House and he often told me so, which gave me great comfort.

You were all so very kind, thoughtful and loving towards ~~me~~ and nothing was ever too much trouble.

You always made me and my family, most welcome too.

Dear Harley House Team

We'll write properly soon and in due course hope to thank you personally. But [redacted] and I want to say thank you straight away - hence this email.

Your care for [redacted] over her time with you has been so amazing: kind, caring, professional and loving. And in the last few days we have been awed by how you helped her and us.

Our thanks to everyone - and especially all of you who sat with mum and to Danny, Maria, Pam, Shobha and Lynn for being with her at the very end.

We will miss her hugely, but are very comforted by her peaceful passing. We hope you are too.

Thank you.

On behalf of the ward community and Benefice of Knighton, please accept this gesture of thanks to the care staff who have worked so hard during this difficult time to care for those in most need.

With best wishes

To Shoba - Staff.

You all have our gratitude as a family for all the caring Auntie Olive & Uncle Ted received during their last years in Harley House.

You gave them over & above their needs, the kindness & friendly interactions from everyone making them feel part of a family.

Thank you for the way I was always welcomed too. Everyone so pleasant & chatty with a cup of tea at the ready from Prawn.

May H. House continue to give this important aspect of caring.

Sincerely, Marilyn (Price)

Dear Shobha and Harley House staff,

On behalf of Freda's family and myself,  
I would like to take this opportunity to  
thank you and the Harley House staff for  
taking good care of Freda while she was  
a resident.

The attention and warmth I felt from the  
community at this Home give me a  
lovely feeling of gratitude for giving  
Freda the care and kindness she needed.

Wishing you all the very best,

Best regards,

Tereza and Caroline

In memory of Pam Whinnett  
12th March 2021

Today is mum's birthday and also  
marks a year since I last saw  
her face to face.

It also marks a year since you  
locked down.

Please accept this rose for your  
memorial garden. Also the  
handcream for the carer's poor  
hands. They must be raw with  
all the washing!

As a family we remember  
Harley House with great affection.

We are so grateful for the  
love and care you gave mum.  
Particularly in the awful last  
days when we could not be  
with her.

Much love to you all

Just a little treat to  
say thank you for your  
continued care of Hannah.  
She and we (her family)  
appreciate all you do to  
make her life better, to  
have settled her in a new  
environment and befriended her.  
Enjoy.
